*The Downey High School Music Program is committed to fostering a sense of teamwork while empowering its members to become excellent performers, leaders, and citizens. Our staff and student leaders build meaningful relationships with members, parents, and the community as well as advance the artistic abilities of all those within the program.*

Greetings Community Partner,

As we start the 2019-2020 season, we are excited to provide you with the opportunity to support our award-winning Downey High School Marching Band & Color Guard program. The Downey High School Marching Band & Color Guard proudly represents Downey High School as they perform in a multitude of community parade competitions and non-competitions, field tournaments, football games, pep rallies, winter guard competitions along with winter and spring concerts allowing students to build meaningful relationships with other schools, parents, and more importantly the community.

Public schools continue to struggle to fund the visual and performing arts programs. As a result, our program heavily relies on much of the cost such as food, transportation, competition fees, coaching staff, musical instruments, various equipment and uniforms/costumes to be funded by the families of the students that are enrolled in the program. To assist and help mitigate the cost through fundraising, the Downey High School Band Boosters was founded as a 501 (c)(3) non-profit organization comprised of these parents/guardians with a child enrolled in the program.

As parents, we are committed to the encouragement and support of all our students as they thrive in their rehearsals, performances and competitions along with their academics throughout the year. It is our mission to provide financial and well-being support to all our students to help them stay in the program.

We invite you to visit our web site at [www.downeymusic.net](http://www.downeymusic.net) for more information on our award-winning program and to see last year's amazing parade and field show performances. We look forward to making this a successful season with your help.

Thank you in advance on any support that you can provide.

Sincerely,

All Band & Color Guard Students and Families
